

How much does it cost?

Our Outreach Support is bespoke and personalised according to your precise needs and requirements. Outreach packages can be as long or short as you require, costs will be agreed based on your needs, after an observation of the child. We are always happy for you to call if you are unsure or just want a general chat about any difficulties that you may be having with any of your children.

We appreciate that you may be working to a tight budget, but please do get in touch to discuss your requirements so that we can work with you to design a level of support that is right for you and your children.

What else can we offer?

We also provide a variety of Professional Learning opportunities including:

- Advanced Language Groups
- Attention Autism
- Creating Visuals
- Early Brain & Self-regulation
- Forest Fusion
- Forest School
- Handwriting Skills
- Home-learning
- Initial Teacher Training
- Leadership
- Makaton
- Motor Skills
- Sensory Processing
- Transition Support

pre-school outreach support

Building Strong
Foundations for Life

who are we?

The Foundations Teaching School Alliance is led by 3 "Outstanding" nursery schools with the sole aim of supporting, training and shaping the teaching of today and tomorrow in Early Years and Primary education. All 3 are well known for their specialist training in SEN.

Bushy Leaze Nursery

Rated as "Outstanding" since 2002, Bushy Leaze is a vibrant integrated nursery and families centre with extensive resources. Half of their 3 year old places are reserved for children with SEND, which makes it a very special place.

Haven Nursery

Haven has a long and successful history in working with schools and EY settings; inspiring families through learning that is accessible, challenging, meaningful and fun in a supportive and encouraging environment.

Lanterns Nursery

Lanterns is a busy, friendly setting, providing a range of inclusive services to support and nurture all children and their families. One third of their 3 year old places are allocated to children with SEND. Lanterns is well known for its specialist training in autism.

How we can help

Working closely together with pre-school/ school staff, we can advise, share and model strategies to help with:

- speech and language
- managing behaviour
- social communication difficulties
- information on meeting sensory needs

this could include:

- training on using visuals
- using PECS
- Attention Autism
- identi play training
- 1-1 target time training
- intensive interaction training
- social stories

We can also provide guidance for any other outside agencies that may become involved. Working alongside and shadowing is part of our holistic approach enabling practitioners to support the child between visits following our guidance and suggestions. By working together in this way we provide a seamless approach allowing the child the best possible chance to progress.

The outreach worker will work alongside the key person to model strategies and activities for the child, supporting them in small groups or on a one to one basis in your setting. We are also happy to meet with parents to refer them to other agencies for support if required. eg SaLT, EP, TOP.

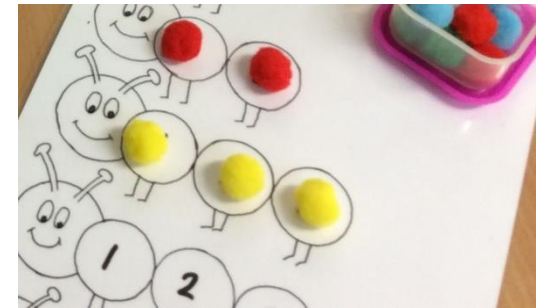

Accessing our Pre-school Outreach Support

If you would like to make a referral, please contact your area Outreach team:

For **North East Hampshire**, please contact the team at Bushy Leaze
outreach@BushyLeaze.hants.sch.uk
01420 87675, option 3
