

Dear Parents/Carers,

This year we have purchased Soltan Kids by Boots, Factor 50+, hypo-allergenic sun cream.

If your child attends nursery for the whole day we request that you apply sun cream in the morning and select one of the following :

- a) If you are happy for us to reapply sun cream we will do so using **our** sun cream at lunchtime.

Or

- b) You can provide nursery with your own preferred sun-cream (named) and we will apply it.

**Please note - we will only be applying sun tan lotion to children that attend full day sessions.**

Therefore, please can all parents of children that attend full days complete the below slip and hand into Reception as soon as possible. Please remember that on their Wednesday half day, sun cream will not be applied.

Sun Hats – please can you also ensure that you put a named sun hat in your child’s bag each day.
